

At Christmastime

Candlelit windows... a wreath on the door

Piping hot chocolate all ready to pour

Isn't it nice to be home at Christmas

Shimmering pine trees with stars up above

Warm tender greeting from someone you love

Gee, but it's nice to be home At Christmastime

Sparkling snowflakes in free fall

Dance with angels in flight

Yuletide caroling fireside

Gifts you can share

People who care

Family gathered like children at play

Counting each blessing while cares melt away

Yes, it's so nice to be home At Christmastime

Instrumental Bridge

High on the rooftops of glistening snow

Santa and reindeer set hearts all aglow

Oh, it's so nice to be home At Christmastime

Yes, it's so ever so nice to be home At Christmastime
